General Information

NATURE OF THE COLLEGE

CHOWAN COLLEGE is a two-year (junior) co-educational college, supported by the Baptist State Convention of North Carolina.

It is following in the time-honored tradition of smaller, church-related colleges where one finds such advantages as — a real sense of “belonging” to the college family, instruction based on Christian pre-suppositions, economy in tuition and boarding expenses, and definite interest in the individual on the part of the faculty.

The total enrollment at Chowan is over 600 students. However, the growing number of high school graduates seeking admission to college has caused Chowan officials to begin planning for the provision of additional facilities to take care of at least 750 boarding and 150 commuting students. Nevertheless, the trustees and administration are determined that quality rather than quantity shall ever be the primary consideration. They realize that the smaller, well-equipped and accredited junior college is able to offer a quality and kind of education which the larger institution can never provide for youth who are standing at the doorway of their higher educational experience.

PURPOSES OF THE COLLEGE

1. To provide quality higher education which is grounded in Christian truth, and, thus, to help the individual student to gain a truly Christian philosophy of life.
2. To enlist as members of its faculty and staff only those persons who are scholastically proficient, morally excellent, and who are genuine lovers of youth and its strong potential.
3. To give thorough training in the standard disciplines to those students who wish to continue their education in other higher educational institutions. And, further, to give to those students who are seeking vocational education, excellent trade instruction on the backdrop of a liberal arts education.
4. To train and develop Christian leaders — both lay and professional — who will serve well their churches, their communities, and their world.

HERITAGE

Chowan College first opened its doors on October 11, 1848, as a result of the interest and influence of the Baptists of northeastern North Carolina and southeastern Virginia. For 63 years the institution was known as the Chowan Baptist Female Institute; in 1911 its name was changed to Chowan College.

The college was first located on the old Murfreesboro Academy lot and it used the Banks School building and equipment. Three years later the college moved to "The Columns" building, which serves today as the campus administrative headquarters.

Chowan College remained open during the Civil War, although a number of other southern colleges closed. By the latter part of the 19th century Chowan was recognized throughout the south for its high standards in scholarship and culture.

The 20th century brought continued progress to the college by way of additional buildings and equipment and the maintaining of consistently high standards. However, due to a shortage of students occasioned by World War II, the college closed its doors in 1943. Since its reopening in 1949, Chowan has had a phenomenal growth both in enrollment and physical facilities. It also received full accreditation from the Southern Association of Colleges in 1956.

THE CAMPUS

The main campus and athletic fields are a part of a tract of 60 acres of land. The east campus, which is the college farm, contains 54 acres.

Through the center of the beautiful main campus runs a cedar walk, and the circular drive (nearly one mile in length) around the main campus is monumented with ancient pines and majestic oaks.

BUILDINGS

The Columns (Administration) Building, erected in 1851, is a beautiful old brick and concrete structure, with the massive columns and broad veranda so characteristic of the old south.

The South Building, a later addition which joins the rear of "The Columns", contains the men's infirmary, faculty offices, and an indoor swimming pool, as well as the college auditorium which has a seating capacity of 750.

The East Building, another later addition to "The Columns," contains the college library and the business department classrooms and faculty offices.

The Greene Science Building, erected in 1956, is modern in all respects, having spacious laboratories, classrooms, lecture halls, and faculty offices.

The Stone House, which houses the Daniel School of Music, is a two-story structure. It contains practice rooms for voice and piano students, as well as classrooms.

The Askew Student Union, a recreational building which contains the campus post office and book store, as well as a snack bar, lounge, and kitchen.

The Gymnasium is used for indoor physical education activities and athletic events. The building also has eight modern classrooms which are currently being used for liberal arts instruction.

The Graphic Arts Building houses the department of printing, a department made possible through the initial efforts of newspaper publishers of North Carolina. The department is approved by the North Carolina Press Association.

The Old President's House, due to a shortage of dormitory space for male students, has been renovated to provide temporary living quarters for 20 young men.

The F. O. Mixon Dormitory, a two-story building of modern design erected in 1954, accommodates 100 male students. It has lounge space and an apartment for the Dean of Men.

The Cottages were built in 1949. The four five-room buildings accommodate 40 young men. When sufficient dormitory space has been provided, they will be relocated and used, perhaps, for married students.

The President's Home is a two-story brick house at the entrance to the campus.

The Women's Dormitory, erected in 1958, is an ultra modern and functional unit which provides most attractive and desirable accommodations for young women at Chowan.

The Cafeteria is a new air-conditioned building erected in 1959. In addition to the main dining area, two private dining rooms are available for special meetings of students, faculty, or other groups.

A New Dormitory for Men was erected in 1960. The three-story brick building provides the most modern living accommodations for 118 male students.

DEVELOPMENT PLANS

In 1957, the Chowan College Board of Trustees launched a new enlargement-development program which has as its goal, several new buildings.

Three of them have been completed and are already in use: the women's dormitory, the cafeteria, and the new men's dormitory described above.

Other additional units proposed under the program are: classroom-administration building, library, additional dormitories for men and women, infirmary, fine arts building, and additions to the present graphic arts and student union buildings.

Student Life

GUIDANCE AND COUNSELING

The Chowan College staff believes that a close relationship between student and teacher is an essential phase of education. This friendly association which a junior college offers makes for easy transition from high school to college.

Upon arrival on the Chowan campus, the new student goes through a three-day orientation period which serves to make him thoroughly acquainted with his new home. By means of a testing program and a study of his high school record, activities, experiences and vocational interests, every effort is made to discover his strengths and weaknesses. He is assigned to a member of the faculty who acts as his advisor, not only as he begins his academic career but as he continues to pursue his selected course of study. The new student soon learns that every member of the Chowan College faculty and administrative staff is interested in his success and adjustment to college life.

The college has a full-time chaplain who is available to all students who desire counseling in personal or academic matters.

RELIGIOUS PROGRAM

All students and professors assemble three times each week, from 10:00-10:40 a. m., for chapel. The chapel period is considered essential for the building of the morale of the school and for each individual's personal need.

Chowan College has an active **Baptist Student Union** which plans, directs, and stimulates Christian activities on the campus, including an annual Campus Evangelism Week and an annual Christian Focus Week.

Other religious organizations are the **Young Woman's Auxiliary**, the **Ministerial Alliance**, special student **Sunday School** classes at the Murfreesboro Baptist and Methodist Churches and the Meherrin Baptist Church, the student **Training Union**, and the **Methodist Youth Fellowship**.

SOCIAL PROGRAM

Chowan College recognizes the essential role of social activities in the development of well-rounded personalities. It recognizes also that college-trained young people are often called upon to lead in the recreational life of their churches and communities. Therefore, a faculty committee on student activities, in conjunction with various student committees, plans and carries out each year a wide variety of social functions which encourage and help the social development of the students.

CAMPUS CLUBS

Monogram Club. To be eligible for membership in the Monogram Club, the student must be a member of a varsity athletic team and participate in intercollegiate competition.

Women's Athletic Association. This club is open to female students who participate in organized athletics.

Student Chapter of National Education Association. This organization is open to students who plan to teach. It aims to keep the prospective teacher informed of educational developments, and to develop a strong professional attitude toward the teaching profession.

Community Theatre. This organization is open to both townspeople and students interested in dramatic arts. The group presents its productions in the college auditorium.

MUSIC

Membership in the **College Choir** is open to all students who are interested in choral music. On-campus appearances of the Choir include annual Christmas and Spring concerts. Off-campus engagements include an extended tour of churches and high schools in the Spring.

The Chowan College Concert Association brings outstanding vocal and instrumental musicians to the campus four times each year.

The Chowan Community Oratorio Society is a musical organization composed of both college students and other musicians from the Chowan area. The Society presents at least two concerts each year.

HONORARY FRATERNITIES

Phi Theta Kappa. Membership in this national honorary scholarship fraternity for the junior colleges of America is open to students with a two-point average who are recommended by a faculty committee and approved by the student members of the organization.

Alpha Pi Epsilon. APE is a national honorary society for secretarial students who make a two-point-plus average in their studies.

Order of the Silver Feather. The Order is a local organization which recognizes and honors students who have exhibited outstanding loyalty and service to the college.

PUBLICATIONS

The Chowanian. This monthly publication is the college newspaper. Edited by the students, the paper is printed by students in the school of printing at the college.

The Daily Chowanian. This publication is a one-sheet campus daily which is also edited and printed by the graphic arts department. It highlights outstanding campus events and also gives general news coverage by means of the two Associated Press teletype printers in the department.

The Chowanoka. This publication is the college yearbook, a pictorial record of the activities of each year. It is edited by the students.

The Handbook. This publication contains the principal rules governing student conduct and other pertinent information about campus life.

ORGANIZATIONS

All student organizations must be approved by the college before meetings can be held on the campus. New clubs or societies can be formed only after application is made to the faculty and approval is given of the design of the proposed organization, of the rules by which it proposes to be governed, and of the hours of meetings.

ATHLETICS

Chowan College offers a diversified athletic program for both male and female students.

The men compete in football, basketball, baseball, tennis, and track against member schools of the Carolina-Virginia Junior College Athletic Conference, and against junior varsity clubs of senior colleges. The women engage in inter-collegiate competition only in basketball.

The intramural program at Chowan is set up to meet the needs of those students who wish to participate in other than varsity sports. Female students compete in softball, ping pong, tennis, volleyball, and basketball. Male students participate competitively in these same sports, as well as in tag football.

Physical education is required of all students unless excused by a physician. The college has a spacious gymnasium, athletic fields, tennis courts, and an indoor swimming pool.

The personnel in the athletic department makes every effort to prevent accidents and injuries to students participating in varsity, intramural, and physical education competition. Although the college assumes no liability for accidents or injuries sustained, each student is covered by accident insurance.

STUDENT GOVERNMENT

Chowan College recognizes the educational value of student cooperation and leadership. The administration and faculty delegate to the student leadership groups the supervision and control of certain affairs. This is done to the degree that the students are able and willing to assume the responsibilities involved. Students are encouraged to accept responsibility for the improvement of conduct in the dormitories, cafeteria, student union building, and in other areas of vital interest to them. This is implemented on a democratic basis by a Men's Council and a Women's Judiciary. Students elected to membership in these organizations jointly constitute the all-campus Student Council, which is headed by the president and other student body officials. Faculty members selected by the administration serve as advisors for these groups.

POINT SYSTEM

Although Chowan College encourages participation in extracurricular activities, a point system is used to prevent some students from becoming overburdened with outside activities and neglecting their studies.

HEALTH SERVICE

The infirmaries for male and female students are under the supervision of the college nurse who observes regular infirmary hours and is on call in the event of emergencies.

In cases of serious or protracted illness, arrangements are made according to the circumstances, and the instructions of the parents.

Dormitory students too ill to go to class or attend to college duties are required to go to the infirmary unless the nurse directs otherwise.

All doctor's fees and drugs are the responsibility of the student requiring those services.

The college carries accident insurance on all students for the nine months of the college year. After the insurance is in force it applies at all times on or off the campus. The individual student is responsible for filing his own claim for any accident in which he is involved.

GENERAL REGULATIONS

The Christian citizen at work is the standard to which every student is expected to conform. All appropriate means are used to develop and confirm within the student a sense of personal honor and sacred regard for truth. Conduct becoming a lady or gentleman is expected at all

However, certain specific regulations concerning student conduct are listed below. Students are expected to be loyal to the spirit as well as to the letter of the college regulations and traditions. A committee on student affairs, and, in some cases the student judiciaries, will handle student misconduct.

The college reserves the right at all times to exclude students whose conduct or academic standing it regards as undesirable, and without specifying any further reason. In such cases, fees will not be refunded, in whole or in part, and neither the college nor any of its personnel or officials shall be under any liability whatsoever for such exclusion.

(1) The use of profanity is considered a violation of decent rules of conduct.

(2) Smoking is discouraged on the campus of Chowan College.

(5) The possession of firearms, firecrackers, or explosives of any kind is prohibited on the campus.

(6) Dancing on the campus of Chowan College is neither sanctioned nor permitted by the college administration.

(7) Those students who neglect their studies, waste time, ignore constituted authority, or fail to conform to the ideals and rules of Chowan may be asked to withdraw.

(8) Students are held responsible for any disturbances in their rooms, whether such disturbances are caused by them or by their visitors, as well as for any damage or defacement their rooms may sustain.

(9) If a student is formally accused or proven guilty of a major misconduct, he will be immediately withdrawn from any office, position of honor, or recognition until the matter is disposed of by the proper committee. No such student will be permitted to represent the college in any public capacity.

(10) Hazing is prohibited by the laws of the State of North Carolina and by the administration of Chowan College.

CLASSIFICATION OF STUDENTS

Chowan College has two classifications of students: **Boarding** and **Commuting**. A **Commuting Student** is considered to be one who is (1) obviously a resident of Murfreesboro, (2) one who lives in such proximity to Murfreesboro that he drives to and from the college each day, and (3) such students as those who are married and have established a residence for their families with them in the Murfreesboro area. **Boarding Students** include all students who live in college dormitories and cottages, and also those who are unable to secure a room on the campus and thus are forced to room in a home of the local community.

By order of the Board of Trustees, all students rooming in college dormitories and cottages, as well as those rooming in the local community, are required to take their meals in the college dining room. Such students are classified as **Boarding Students**. Off-campus **Boarding Students** may reside only in homes approved and assigned by the college administration.

Students assigned to rooms on the campus are not permitted to move off the campus during any given semester, except by special permission from the administration.

Further, when the college has rooms available, **Boarding Students** are required to live on campus.

1. Obtain all necessary forms for final admission by writing to: Director of Admissions, Chowan College, Murfreesboro, N. C.

2. Fill out completely the application for admission and mail it, along with a \$10.00 registration fee, to the Director of Admissions. This fee, which applies for both new and returning students, must be paid before a room can be reserved.

3. Have the proper persons complete the remaining forms and return them to the Director of Admissions.

A student who desires to transfer to Chowan from another college should follow the same procedure, except that he must also request the Registrar of the college previously attended to mail to the Director of Admissions a transcript of academic work done by the prospective transfer.

NOTE: Students who are not graduates of approved high schools (including veterans who qualify under the G. E. D. test) may be admitted to the college by special permission.

REQUIREMENTS FOR GRADUATION

To receive an Associate degree, a student must satisfy the following requirements:

1. The student must have completed satisfactorily two years of college work, and must have obtained 60 semester hours of credit in college work, exclusive of physical education and non-theory courses. He must have completed at least 2 semester hours in physical education

2. A minimum quality point ratio of 1.0 is required for graduation. This means an average of "C".

3. The student must have pursued and completed the prescribed or approved curriculum as outlined in this catalog.

4. Normally, the basic course requirements for an Associate degree are:

Sem. Hrs.	Courses	Sem. Hrs.	Courses
6	Religion	6	Social Science
12	English	2	Physical Education
8	Science (Biology, Physics, Chemistry)	*22	Language and/or Approved Electives
*6	Mathematics		

*This requirement will be based upon the requirements of the institution to which the student wishes to transfer.

NOTE: A student transferring from another college must complete a minimum of one semester of fifteen hours of college work, with a quality point ratio of 1.0 or better, at Chowan College.

SYSTEM OF GRADES

A—Excellent
B—Above Average
C—Average
D—Below Average
F—Failing
WP—Withdrawal Passing
WF—Withdrawal Failing
NG—No Grade Reported
I—Incomplete

The grade of "I" is recorded only in case of illness or emergency resulting in the student not being able to complete the work of the course. If the work recorded as "I" is not completed before the end of the following semester it will be considered as equivalent to an "F".

All deficiencies must be removed thirty days before the end of the last term of the student's graduation year.

QUALITY POINT SYSTEM

Students are awarded quality points on the basis of the grade they make:

- A—three quality points per semester hour credit.
- B—two quality points per semester hour credit.
- C—one quality point per semester hour credit.
- D—no quality points per semester hour credit.

A 1.0 quality point ratio is required for graduation. This means that a student must have at least as many quality points as hours attempted.

HONOR ROLL

Students who have a 2.5 average for a semester will be placed on the Honor Roll. Students having a 2.0 average on all work attempted will be placed on the Dean's List.

REPORTS

At the end of each semester a report for each student is sent to the student and to the parents or guardians. This report contains the grades and the number of absences. These grades are recorded on the permanent records in the Registrar's Office. A progress report is sent to the parents or guardians and students at the mid-semester.

ACADEMIC REGULATIONS

Registration

Registration days are indicated on the campus calendar in the front of this catalog. All students should complete registration on the assigned days. Those students who enroll thereafter will be charged an additional fee of \$5.00.

Requirements For Continued Residence

The faculty and administration maintain high academic standards and exact from the students certain requirements for continued residence in the college.

A regular student must pass nine semester hours and earn a minimum of nine quality points each semester. If, at any time during the course of the semester, the student fails to pass the required work, he will be restricted in his

activities. If, at the end of any semester, the student fails to pass the required work, he will be placed on academic probation. Such probation requires the student to relinquish all privileges and prevents him from representing the college in any manner. Unless the student removes himself from probation the following semester, he will be asked to appear before a faculty committee which will decide whether the student will be asked to withdraw from the college for one semester.

Student Load

Sixteen or seventeen credit hours are considered a load. A student may not carry more than 18 credit hours nor less than 15 credit hours, except by special permission of the Dean. Boarding or on campus students may not be permitted to carry less than 12 credit hours. Exception will be made for commuting or part time students. Permission will not be given to carry more than 18 credit hours unless the student has made a "B" average or better the previous semester.

Part Time Students

Students who register for less than 12 semester hours will be charged at the rate of \$12.00 per semester hour. Such students may not represent the college in any manner except by special permission.

Sophomore Classification

To be classified as a sophomore, a student must have earned, by the beginning of his third semester, at least 25 credit hours and 25 quality points.

Class Absences

Students are expected to attend all meetings of their classes. Class absence is a serious matter. It puts the student out of step with class progress and places an additional burden upon him and an added responsibility on the professor. A student should never be absent from class for trivial reasons. An unexpected emergency may arise in the semester, which might cause him to lose credit for the course.

Absence from class will be excused for the following reasons:

1. Illness of the student verified by a doctor or by the college nurse on forms provided for this purpose. Boarding students too ill to attend classes must report to the infirmary, unless otherwise directed by the college nurse.

2. Representation of the college, when such representation has been reported by the responsible faculty member and approved by the Dean of the College previous to the anticipated absence.

3. Death of a member of the student's family.

Other reasons for absence must be approved in advance by the professor and a member of the absence committee. In case of emergency, subject to the approval of the faculty members, this permission may be secured from the Dean of the College.

Any student wishing to be excused from class should first report to the Registrar's Office at least two days before leaving the campus. He will be issued a Form "50" which must be submitted to the professor for his approval. This should be returned to the Registrar's Office for future reference. This is required for all absences, whether excused or regarded as cuts. An excused absence gives the student the privilege of making up work missed.

If the student does not arrange to have his absence excused within five (5) days after his return to class, the absence will be recorded as unexcused.

All laboratory absences must be made up in a manner acceptable to the professor. (No lab. cuts are allowed.)

Students with excessive absences will be called before the absence committee and may be placed on academic probation.

When the number of absences, other than excused absences, exceeds the number of times the class meets per week, one-half quality point will be deducted for each such absence.

If a student is absent as many as three (3) times the number of times the class meets per week, he will normally

not receive credit for the course, regardless of whether the absences are excused or unexcused. He may, however, apply to the absence committee, and to the professor and the Dean for the privilege of making up the work. If most of these absences, in the judgment of the committee, were caused by an unavoidable emergency, he will be granted the privilege of making up the time and work. The work must be made up in a manner satisfactory to the professor.

A student who is absent more than four (4) times the number of the class meetings per week, for any cause whatsoever, will not receive credit for the course.

Chapel Absences

The college requires all students to attend chapel. If a student has more than three (3) unexcused chapel absences in one semester, the total number of unexcused absences will be entered on his permanent record. In addition to this, he will be restricted in his activities.

Holiday Absences

The college grants no excused absences immediately preceding and immediately following stated holidays. Only in case of an emergency will an exception be made.

Changing Of Classes

A student making a change in his class schedule after completion of his registration will follow this procedure:

1. Obtain permission from the Dean of the College on the proper form provided for this purpose.
2. Secure the approval and signature of the professor in whose class he proposes to enroll or drop.
3. Present this to the Dean for final approval.
4. There is a maximum number of times that a student can be absent from his class and still receive credit. His attention is called to the rules governing absences which apply in this connection.

A paved driveway, nearly one mile in length, encircles the main campus of Chowan College. It is lined with majestic pines and giant oaks, many of which are more than 100 years old.

The modern, well lighted classrooms and completely equipped laboratories in Chowan's Greene Science Building provide excellent facilities for the teaching of the physical sciences.

One of the most attractive features of the Chowan campus is the beautiful tree-lined walk which runs all the way from the front entrance to the steps of the administration building.

Chowan is a member of North Carolina-Virginia Junior College Conference. Its athletic teams compete with other college teams in football, basketball, baseball, track and tennis.

The indoor swimming pool at Chowan is used for both physical education and recreation. Attractive, energetic co-eds lead the student cheering section at college athletic contests.

Students who take printing in the School of Graphic Arts (Lino-
typing, Teletypesetting, etc.) find ready employment in the news-
paper industry. The curriculum includes liberal arts subjects.

Cnowan offers a variety of extracurricular opportunities. The college choir attracts many who are musically-inclined. May Day is one of the most popular spring functions at the college.

One of the latest additions to the Chowan College campus is a new dormitory for men. Modern and functional in every respect, it provides highly desirable living quarters for 116 male students.

Dropping Of Classes

Courses may be dropped without penalty under the following circumstances:

1. Extreme illness, in which case a physician's certificate must be submitted and approved by the Dean of the College.

2. Other circumstances beyond the student's control, approved by the Dean of the College.

In the event of the above conditions the student shall receive the grade WP — signifying passing at time of withdrawal — or the grade WF — signifying failure as indicated by the professor.

All withdrawals without the Dean's permission will receive the grade "F".

Re-Examinations

A student may apply for a re-examination if extenuating circumstances justify it. The decision in this matter will be made by the professor involved, the Dean of the College, and the chairman of the department. In case the chairman of the department is the professor, another professor will be called in to act.

No grade higher than a "C" may be assigned as a result of re-examination.

A special re-examination will not be given until the student has had adequate time to do further study, which, in the judgment of the professor, justifies a re-examination.

A re-examination must be authorized by the Dean of the College and preceded by the payment of the required \$5.00 fee.

A student who receives a grade "F" on a course or fails to remove a conditional failure by one re-examination must repeat the course for credit.

A final semester candidate for graduation will be allowed one re-examination in one subject.

Withdrawal From The College

A student who finds it necessary to withdraw from the college must consult the Dean of the College and the Bursar and arrange for regular withdrawal. Unless this is done, honorable dismissal will not be granted.

Students who plan to withdraw from the college at the close of the Fall Semester must notify the Dean of Women or the Dean of Men by December 15.

Transcripts

Every student is entitled to one free copy of his college transcript. For additional copies there is a fee of \$1.00 each.

The Curricula

STUDENTS UNDECIDED ABOUT CURRICULUM

Those students who, at the time of entering college, have not fully decided which course of study they desire to pursue, are advised and urged to register for the liberal arts curriculum. Work in the liberal arts leads to degrees in teaching, medicine, religion, law, business administration, science, journalism, and various other professional fields.
